

vanish into thin air  
the crack of doom  
meat and drink to me  
too much of a good thing  
in a pickle  
not slept one wink  
as good luck would have it  
love is blind  
lie low  
the game is afoot  
a sorry sight  
fight fire with fire  
milk of human kindness  
band of brothers  
night owl  
the quality of mercy  
much ado about nothing  
up in arms  
a foregone conclusion  
rhyme or reason  
all the world's a stage  
in stitches  
exceeding well read  
a sea change  
wild goose chase  
wear your heart on your sleeve  
once more unto the breach  
send him packing  
hot-blooded  
star crossed lovers  
fancy free  
out of the jaws of death  
beware the ides of March  
green eyed monster  
stony hearted  
thereby hangs a tale  
truth will out  
the game is up  
as pure as the driven snow  
good riddance  
heart's content  
all of a sudden  
woe is me  
fair play  
a fool's paradise

at one fell swoop  
hoist by his own petard  
to be or not to be  
good men and true  
stiffen the sinews  
all that glitters is not gold  
more fool you  
pound of flesh  
as dead as a doornail  
that way lies madness  
make your hair stand on end  
high time  
all's well that ends well  
off with his head  
beast with two backs  
forever and a day  
a rose by any other name  
all corners of the world  
give the devil his due  
brevity is the soul of wit  
salad days  
foul play  
a plague on both your houses  
primrose path  
set your teeth on edge  
the devil incarnate  
the Queen's English
